

Name the Elders Village Contest

The Metlakatla Development Corporation is in the process of creating a new elders village to provide high quality housing for seniors throughout the North Coast. The designs are done and plans for the start of construction are underway, but the new development needs a name!

What better way to find a name for this new development than by turning to the people of the region, so we are seeking your ideas about what the new elders housing project should be called.

The guidelines for the name are simple. All that is required is a name that references Tsimshian culture and the idea of housing. Other than that, you are limited only by your imagination.

Please send your idea for a name to stomas@metlakatla.ca and include a brief note on why you feel the name fits the new development. One person will not only win a great prize, but also have their suggested name forever associated with a project that provides affordable, quality housing to seniors and elders in Prince Rupert.

The deadline for submissions is July 1, 2017 and the winner will be announced this summer.
